 Edinburgh

Dr. Daniel Benson

Immediate Loading with
Digital & Vertical Freedom
Concepts

SPEAKER'S BIO

Dr. Daniel Benson

DMD, MOM, MSc implantology and Dental Surgery.

Dr Benson received his undergraduate dental degree from Semmelweis University, Budapest, Hungary in 2006. After graduation Daniel completed a 3-year full-time residency in Operative Dentistry and Prosthodontics. Daniel's thirst for knowledge led him to a Master of Science (M.Sc.) degree in Implantology and Dental Surgery at the International Medical College, University of Muenster in Germany. He is a registered dentist in the UK, Ireland, and Hungary.

ABSTRACT

The aim of the course is to provide notions and key advantages of the Vertical Freedom concept, emphasizing above all the optimal management of soft tissues in the aesthetic zone with an immediate loading approach and with the use of guided surgery.

During the course it will be explained how an intramucosal surface and its surgical & prosthetic versatility can be game changer to achieve aesthetic excellence.

The event will provide the opportunity to dive into the digital side of implant dentistry with a hands-on with a planning software and a fully guided implant placement, understanding how guided surgery helps clinicians to obtain more predictable results.
