Verona

Dr. Shawqi Al Hashemi

All on Prama with immediate loading Masterclass

How to successfully deal with full arch rehabilitations even with the most severe atrophies (zygomatic cases) – Cadaver lab surgeries

SPEAKER'S BIO

Dr. Shawqi Al Hashemi

MBBS, BDS, MFDS RCSI, MFDS RCSEng, FFD RCSI (OSOM), PG Cert.

GDC no. 101630 GMC no. 7040927

Director and Principal Surgeon

Shawqi holds two degrees (dental and medical degree). After qualifying in 1998, he has worked in Oral and Maxillofacial Surgery units across Ireland, U.K. He has been awarded with the prestigious membership of Royal College of Surgeons of England and Ireland, and with a Fellowship in Oral Surgery and Oral Medicine from the Royal College of Surgeons of Ireland. He received his Diploma in Dental implant from the Royal College of surgeons of Edinburgh and obtained his medical degree from Barts and the London University.

He is a clinical mentor for the Diploma in Minor Oral Surgery for the Royal College of Surgeons of England. He is the owner of Mulberry Clinics. His area of expertise is to carry out complex oral surgery and dental implant procedures such as immediate implant placement and loading, full mouth rehabilitation, Zygomatic and Pterygoid implants.

ABSTRACT

This exciting 2 day course provides a truly comprehensive programme that explores different approaches to full arch dentistry incorporating case planning, extractions, alveoplasty, immediate placement, immediate loading and mucogingival surgery.

Through theoretical, practical on models and on cadavers sessions delegates will be shown all steps from planning to execution, to predictably and successfully carry out full arch rehabilitations.

This will allow patients and practices to benefit from an amazing yet predictable solution to restore smile and confidence in terminal dentition patients.
